Govt press till the work is complete.

Letter No. H. C. 164 dated the 15th June 1943 from Mr. Hayavadana Rao regarding the illustration of the book with certain pictures.

47 Sub'. Mr. Hayavadana Rao requests (vide his letter of 15.6.43) the provision of Rs. 2000 for expenditure in connection with the taking of photographs of certain (7) pictures in the Jagan Mohan Palace for being illustrated in the History of Mysore. He has not stated what the approximate amount would be required for the purpose. The Huzur Secretary has, however, suggested to Mr. Hayavadana Rao that he (Mr. H. Rao) may dispense with the idea of illustrating the book with the pictures and proceed with the work, lest further valuable time should be lost if the work has to wait for the blocks of pictures (vide Huzur Secy's letter of 19.5.43 to Mr. H. Rao). In view of the above opinion of this Huzur Secy, the request of Mr. Hayavadana Rao for the provision for the unnecessary expenditure in connection with the taking of photographs etc., is for consideration.

48. As regards their other suggestion of Mr. Hayavadana Rao that a separate section may be maintained in the Govt. press till the work is completed; it seems desirable to give effect to the suggestion so that the work may be completed in a very short time. The opinion of the Supdt, Govt. printing may be obtained before sending a reply to the Huzur Secy & to Mr. Hayavadana Rao. The file may perhaps be sent to the Supdt. G.P. unofficially. For orders. —

19/6.

49

As intimated by the Hon'ble Secy, it is not necessary to have the photos of pictures for the publication and Mr C. Hayavadana Rao will, if approved, be informed accordingly & requested to arrange & furnish the work without delay.

Regarding the suggestion of Mr. C. Hayavadana Rao for having a portion of the staff in the Press earmarked exclusively for attending to the Printing of this publication, the Supdt Govt Printing, will be consulted; if this is impossible to expedite the work. A note about the progress made in the work is sent for perusal daily.

The Hon'ble Secy's letter No. [illegible] dt 19/6/43 addressed to Mr. Hayavadana Rao has been carefully examined and it is felt that the estimate of Rs 1,000/- for the cost of clicking the photographs appearing in the book, the Supdt, G.P. may be consulted.

Sir,

Re: History of Mysore--Illustrations for Vols: II and III.

Adverting to correspondence ending with my letter No:H.C. 182 dated 8th November 1943, addressed to the Deputy Secretary to Government, I write to invite kind reference to the following letters in this behalf, addressed to Government:-

1. Letter No:H.C.164 dated 15th June 1943.
2. Letter No:H.C.170 dated 20th July 1943.
3. Letter No:H.C.171 dated 21st July 1943.
4. Letter No:H.C.174 dated 10th August 1943.
5. Letter No:H.C.176 dated 31st August 1943.

In this connection, I request early favourable orders be issued regarding the cost of taking photographs referred to in items Nos: 2 and 4 above

P.T.O.

and dated 20th July 1943 and 10th August 1943 respectively. If the arrangement referred to in these two letters meets with the approval of Government, it will facilitate immediate action in completing Vol: II of the work and pushing through Vol: III as well.

Yours Sincerely,

Editor,

21st January 1943.

Dear Mr. Appaji Gowda,

More than ten years ago it was proposed to bring out an Authentic History of Mysore in consultation with Mr. C. Hayavadana Rao, and the Palace spent nearly Rs.3,200/- in payment for a research scholar, a copyist etc. As the progress made for a period of three years was not found to be satisfactory, arrangements were made with the Government in February 1936 to have the work transferred to them and have it completed at a further estimated cost of about Rs.6,000/-. It is now six years and there is no indication as to when the work will be completed. I shall be much obliged if you will kindly look into the matter and let me know at what stage the work is.

Yours sincerely,

Dear SIR,

I write to thank you for your D.O No. A-7. 4220/ P. & S. 74-42-5 dated the 9th idem, re: the History of Mysore, now in the Press. Two-thirds of the matter have been printed off, and the printing of the balance is being pushed through. Owing to the reported clearing off of other arrears of printing work at the Press, the printing of this work unfortunately slackened during a greater part of 1942 as per particulars noted in the enclosure to this letter. However, the Press having just taken up the printing of the remainder of this work, the proofs have begun to come in regularly since December 1942. All the manuscripts pertaining to this work have been ready since the start and are being sent to the Superintendent Chapter by Chapter as per mutual agreement, lest the Mss. should be lost at the Press. This arrangement

[P.T.O]

was come to at the beginning of the work and at the instance of the then Superintendent of the Press, Mr. B. Srinivasa Aiyangar, and is being continued as a matter of safety, while the proofs, under the existing arrangement, are promptly pushed through, every endeavour will be made to see that the entire work is brought to completion at a very early date. The Huzur Secretary may be kindly assured of this fact.

The above indicates the present position, and I may add that no complaint against the Press is intended.

Yours Sincerely,

C. Hayavadana Rao.

Dear Sir,

With reference to your D.O. letter No.A.F.5711/ P & S dated 12th April 1943, requesting to be informed of the probable time required for completing the work of printing the "History of Mysore", I beg to state as follows:--

Volume I.-Third proofs of preliminary matter such as Title page, Preface, Bibliography, etc., have been sent to the author for approval and return with Print order. Also, the block for the frontispiece of His Highness is in course of preparation. Soon after print order is received for the preliminary matter, it will be printed off and the binding of the Volume will be taken up. It will probably take 3 to 4 weeks before the binding of the book can be taken up.

Volume II.-The manuscripts relating to the priliminary matter, such as the Contents and the Index portion ~~of Volume II~~ are yet to be received from the Author. The appendices matter is still in the Proof stage. Since the Author is making heavy alterations and additions, even in advanced stages of proof matter, it is not possible to state when the printing of the remaining portions of this Volume may be completed and the bindir of the Volume taken up.

Volume III-Pages 1-53 have been passed for print by the Author. Further proofs from pages 54-109 have been received from the Author with a request for another

clean proof (6th proof) for final approval. A portion of manuscripts relating to Chapter II of this Volume has been received and the same is under composing. It is not known how much more of this Volume remains to be printed and when the remaining portion of the manuscripts may be expected.

Every effort is being made to expedite the printing of the "History of Mysore", and only minimum time is taken in the Press at every stage of the work.

Dear Sir,

Illustrations to History of Mysore, Vols II and I

With reference to the above subject, I write to sta that certain photographs of pictures in the Jagan Moha Palace, ~~was~~ Mysore, are required. The Huzur Secretary who was consulted in the matter and who had so far forwarded other photographs which have been used, has expressed the view that this is a matter for Government, as the services of a photographer have to be engaged for the purpose. The Superintendent, Government Printing, who was consulted in the matter, writes to state that if the photographic prints of the portraits are supplied b this office, blocks of the same will be got prepared, an the book illustrated with the same. In view of the fa that photographic materials are difficult to secure and cut down the expenditure in this connection as far as possible, the list of illustrations from the Jagan Moha Palace as has been still further revised and reduced to only 7 pictures in place of 19 in the Original list.

To

The Chief Secretary to the Government of Mysore,

Dear Sir,

Progress of "History of Mysore" in the Government Press, Bangalore.

Mr. N. Subba Rao, M.A., Assistant in this Office, has informed me of your kindly enquiry into the printing of the above work at the Government Press, Bangalore. As desired, a succinct note is enclosed, indicating the present position in regard to it. The work could be rapidly finished if the Press will increase the daily output of composing matter and make available proofs of the same earlier than hitherto; and the work goes on de die in diem (without interruption) owing to pressure of other "rush" work which might come in. I would suggest the maintenance intact of a small section of the Press for this work until it is completed. If these steps are taken, the work can be brought to a close within a comparatively short time. I made this suggestion to the Superintendent, Government Printing, in my letter No. H.C. 151 dated 8-5-1943, and he is probably making a reference to Government in the matter. This step need not involve any additional cost to Government, as it means only the continued existence of a section for this work and no more.

Thanking you for your kindly enquiry.

Yours Sincerely,

Editor,

History of Mysore: Illustrations.

With reference to your letter No:A.F.6339/P& S. 30-42, dated 26th June 1943, in the matter of illustrating Vols II and III of the authentic History of Mysore with some photographs taken from the Jagan Mohan Palace Chitrasala, Mysore, I write to enclose herein cop of letter received from the Huzur Secretary to H.H. the Maharaja. It will be seen that though the taking of the photographs is estimat to cost only a modest sum of Rs.40/= for the seven pictures referred to in the previous correspondence in this connection, it is reported that "it is not possible to take the photos in the Palace Studio now on account of the scarcity of the required plates and paper" and it is also stated that "there is no local photographer who can undertak the work". In these circumstances, I am making local enquiries her in Bangalore whether any suitable photographer is available who will undertake to do the work and if so at what cost. I may add that of of the seven pictures referred to, only three are required for Vol.I which has been printed off. The rest of the work on this Volume i being pushed through to the binding stage, by which time it may be possible to get the whole set of the pictures photographed and bloc made out. I hope to write again very early in the matter.

Re:History of Mysore.

With reference to your letter No:A.F.1929/P.WS., dated the 2nd November 1943, in connection with the above, I write to state that all necessary steps have been and are being taken to expedite the completion of the printing and binding of the work at the Government press. Though the "rush" of other Government printing and binding work at the Government Press may sometimes, as it has in the past, lead to the suspension of this work, it is going on for sometime now, and if a separate and independent section for this work is maintained to the end, it might facilitate the completion of the work at an early date(Vide this

office letter No:H.C.161 dated 10th June 1943, addressed to the Chief Secretary to the Government). My experience of printing work at the Government Press during the past 30 years does not lead me to believe that the fixing of a time limit for work of this kind entrusted to it will work with success. Though it is not possible to fix an exact time limit for completing all the items of work connected with the publication on hand, every endeavour is being made to see that the entire work is brought to completion with the utmost expedition.

1. While the printing of Vol. III is making fair progress now, the work on Vol. I has been completed and Vol. II, fully passed through, will be ready for binding, immediately after the inclusion of the select illustrations referred to in your letter under reply.

OFFICE OF The Special Officer, Sri Jayachamarajendra Occupational Institute,
Bangalore, Date 15th February 1944.

To

K.Subba Rao, Esq., B.A.,
Additional Secretary to Government,
BANGALORE.

Sir,

With reference to your letter No.M.7248/P&S 80-42, dated 12th February 1944, enquiring whether the work of taking seven photographs of the pictures in the Jaganmohan Palace Chitrasala can be undertaken by the Cinematography Section of this Institute, I have the honour to state that the technical services relating to the work can be undertaken by the said section.

It is presumed that the pictures which will have to be photographed are mostly paintings, in which case panchromatic plates will be necessary. If the photographs are meant for reproduction, they have to be printed on contrast glossy bromide paper. The necessary plates and papers are not in stock at present and I write to enquire whether arrangements will be made to supply the necessary raw-materials.

The following details may also be supplied to enable the cinematography section to give an exact indent for the necessary quantity of materials:-

1. Maximum number of pictures to be photographed.
2. Whether all of them are coloured originals, if not how many are in colour and how many

many are in black and white.

3. Whether whole-plate size prints will b sufficient, if not the exact size of prints required.
4. The number of prints of each subject, i more than one is required.

I ha the honour to be,
Sir,
Your most obedient Servant,

Special Officer.

Sir,

Subject: "History of Mysore", Illustrations for Vols: II and III.

With reference to para 2 of D.O. letter No: P.W.1257, dated 20th March 1944, from the Superintendent, Government Printing in Mysore, copy of which is herewith enclosed in the above matter, I have the honour to state that Government may be pleased to sanction the preparation of necessary blocks of certain pictures from authentic works in the shape of publications of a rare kind, from which plates can directly be made and for which no photographing is necessary. The pictures too are of an authentic kind and are not otherwise known, of famous historical personages figuring in Mysore History and directly relating to the above two Volumes of the work. The Superintendent, Bangalore Press, where hitherto the Superintendent Government Printing, has been getting blocks made for illustrating the above work, has been personally consulted in the matter and shown over the publications, which have to be dealt with on the footing of one at a time as they require careful handling. He has also stated that no photographing is necessary as plates can be made direct from the fine pictures in the publications themselves. The Superintendent, Government Printing, has been written in the matter in this office Nos: H.C. 149 dated 5th May 1943; 165 dated 15th June 1943; 179 dated 21st September 1943; and 189 dated 12th January 1944. In his letter No:P.W.2784 dated 8/9 the June 1943, the Superintendent, Government Printing, has stated that he is agreeable to undertake the preparation of plates which involve no fresh photographing. He writes thus in his letter just adverted to; "If photographic prints of the portraits are supplied by you, blocks of the same will be got prepared and the History of Mysore illustrated with the same". The plates

plates aggregate 38 in number, which works out at about 19 plates to each of the two Volumes. As this is the definitive edition of the work, I think we would be well advised in illustrating it fairly. I solicit the esteemed favourable orders of the Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

C. Hayavadana Rao

Editor,
History of Mysore."
